## ## 4) Что передавать Андрею

1. Этот файл (как паспорт настроек и знаний).
2. Папку skills (если нужно перенести 1-в-1): ``~/hermes/skills/``
3. Папку базы знаний: ``/root/obsidian-vault/``

## ## 5) Важно

- Секреты и ключи API в этот файл **\*\*не включены\*\***.

- Для запуска у Андрея нужны его собственные ключи/токены в ``.env``.
